ABSTRACT.

Stating that a petition was presented to the Deputy Commissioner praying relief on account of scarcity & asking that certain lands in Kandavara village might be granted free of assessment for the year 1879-80 in view of the present distress. The petitioners pray to be exempted from the payment of assessment on the lands in question for the year 1879-80 & to be granted Rs 50 for the purpose of cultivating the same. The petitioners also pray to be granted Rs 50 for the purpose of sinking a well in their land & also for the erection of a house. The petitioners state that they are unable to pay the assessment on their lands & to cultivate the same unless they are granted the amount prayed for.

21st October 1879

The Revenue Secretary to the
Chief Commissioner of Mysore

Sir

I have the honor, with reference to your No 1432 / Rev 284 of the 15th July last, to inform you that at a meeting of this Association, held at Chickmagloor on the 10th instant, the following resolutions were passed:-

1. That the Members of this Association, whilst adhering to their previously matured opinion that Rs 1/8/- per acre is excessive for coffee lands in Mysore, agree to accept Permanent Assessment and Titles, to their Lands at that rate"

2. That the remaining clauses of Mr Lord's proposals are considered suitable to those who may desire, and are willing to accept their lands on those terms"

I have therefore the honor to request you will be good enough to inform the Chief Commissioner of the decision arrived at by this Association, with regard to his Minute of the 7th July last

(2)

and the modified proposals contained therein, and in other communications which have since that date reached this Association

I have the honor to be

Sir

Your most obedient servant

The Secretary
to the Chief Commissioner of Mysore

Sir

I have the honour by order of the Association to request you will be good enough to draw the attention of the Chief Commissioner to the fact that the Provisions of Act 8 of 1878 although brought into force in Mysore, are unknown to the bulk of the Population, and this Association entreats me to pray the Chief Commissioner to be good enough to cause steps to have greater publicity given to them.

I am further to request that this Association is of opinion that the best means of circulating the information would be by means of an order to all Village Officials to read the Act in some public place in all Villages, Pettahs Estates, Towns &c after due notice given by beat of Tom Tom, Soliciting your early attention to this matter, as crop is now ripening

I have the honour to be
Sir
Your most obedient Servant

Sir

I have the honor to inform you that I accept for my Coffee lands in Mysore a settlement for 30 years at an assessment of one Rupee per acre on the terms of the Survey guarantee. While I do so, however, I beg respectfully to protest against the injury which a settlement for so short a period necessarily inflicts on the planting interests. The terms now granted are it is true, better than those of the old tenure. had the administration been continued on its former footing, or the Province lapsed to the Crown, would have been justly considered as an unqualified improvement of our position. But the fact of the Province being about to be vested in a Native Ruler, entirely alters the view with which such a settlement would otherwise have been regarded — speaking personally, I have full confidence that we shall receive in the future a treatment as satisfactory as we have experienced in the past, but it is clear that a 30 years settlement largely injures the selling value of our lands and almost extinguishes our borrowing powers, for, whatever may be the belief of those on the spot as to the certainty of considerate treatment at the hands of our future ruler it is impossible for any one judging at a distance to tell to what extent the settlement might be raised by a Native Prince, or how much, or how little he might be influenced by our government or by public opinion. The effect thus of a 30 years settlement will be to discourage investment in the Province, to inflict consequent injury on the future Ruler, & to hamper those already engaged in the cultivation of Coffee, who, I regret to say, are, from bad seasons & leaf disease, in a positi

(15) 12

requiring the utmost consideration. The Supreme government is, I believe, fully alive to these facts, but has been restrained from granting a permanent settlement partly because to grant one in our case, would be to act contrary to the policy of government with reference to lands in its own dominions, partly because it seemed unfair to tie the hands of the Native Ruler as to future powers of taxation. It would be easy for me to urge that to attract capital certainly is indispensable, and that it is unfair to the future Ruler to drive capital from his dominions, but the views of the Supreme government have been so decidedly adverse to a permanent settlement that it would be useless to argue the point. It only then remains to be considered whether some middle course cannot be found, which would enable the government to secure equally the interests of the Rayah and the planters, and at the same time free the government from any imputation of acting in a way unduly favorable to British interests. I would respectfully beg leave to suggest that such a course could be found by granting a 30 years settlement. The arguments in favor of such a measure are plain. In the case of an ordinary Ryot, 30 years might be held to be a fair term, because the capital he invests is small, and because at the close of his lease he need leave nothing in or on the soil, and in the event of an oppressive settlement, or a failure of cultivation, could drive away his stock, and remove his implements. The case of a planter is widely different. He invests much capital. The enterprise is very hazardous, and in the event of failure or an oppressive settlement, is unable to take up his trees, and remove his houses and plant. Assuming then that the planters are to be treated on the same footing as an ordinary agriculturist, it is evident that, considering the whole circumstances, they are justly entitled to a much longer settlement than the holders of Ryeat lands, and I therefore venture to hope that the

Commissioner may be good enough to recommend the Supreme Government to grant us a longer period than that of 30 years.

I have the honor to be

Sir.

Your obedient servant

Robert H. Eliot

Bureau Retreat,
Deputy Commissioner's Office
Kaira 29th July 1880.

To

The Secretary to the Chief Commissioner
of Mysore. Revenue Department.

Sir.

Adverting to Mem: Cancl No 52 of
the 28th December 1879, forwarding copy of the
Chief Commissioner's letter No 93 to the Bombay
Secretary to the Mysore Famine Commission,
and proceedings of the Chief Commissioner No
5 dated 5th January 1880, I have the honor
to report that in anticipation of the revenue system
being introduced during the current year, a
fair register of Jogis land has been
received from Circle Office Nadiad: but
the Native Member appears generally to be
entirely ignorant of the terms on which it is
proposed to levy the assessment.

2. The value of a Notification by the
Chief Commissioner is therefore desirable:
also the form of the new Patta should be
decided - I shall, if given an opportunity, be
glad to offer my opinion as to the provisions
needed to protect the interests of Government.

3. If the tax is to be levied during the
current year, as decided upon it will be
requisite to fix a period up to which

re:

relinquishment of inferior land may be tendered.

4. I would also urge that the Survey Department may be directed to adopt timely measures for having abandoned portions of estates measured up.

I have the honor to be,

Sir,

Solicits instructions in the case of Mr. R. G. Allardice regarding his refusal to pay the assessment on the Surveyed area of his Estate.

39 No 394 29

Nadiad District
Deputy Comrs Office
Chikmagalur 3d November 1880

To

The Revenue Secretary to the
Chief Commissioner of
Mysore

Sir

I have the honor to forward with this a correspondence with Mr R. L. Allardice of Baloor, in which he declines to pay the Assessment on the Converted area of his Estate, and declares to be assessed on the area entered in his Pattah only -

2. The areas entered in the Pattahs are little better than rough guesses the Supervisor's extent of jungle granted. The areas entered in the "Sod" are at all events based on measurements & may be assumed to be fairly accurate. Besides if on the revised survey being completed, any large discrepancies are found, the difference can then be adjusted

3. The reputed area of an Estate should surely be considered to be the least correct area as yet ascertained. I fail therefore to see that Mr Allardice has any reason to decline payment. But if the area assessment is now brought into force, several similar objections are likely to be made, and I therefore solicit early orders on the subject -

4. In a case village per Native has Crop of Coffee & small Patch have been clubbed together into Survey Numbers upto 25 acres, it will be impossible to obtain the exact area of each holding till the Revised Survey, and in such cases I would recommend a proportionate increase or decrease of each holder acreage according as the total area as found by the Survey of the Number has less or more than the total acres of the holdings (as shown in the Coffee Register) included in the Survey Number. Thus in a Survey Coffee Number of 20 acres if A. B. & C.'s holdings Clubbed together make up the Number although ~~they are~~ entered in the Coffee Register, A. as holding 5 acres only, B. as holding 2 acres only, and C. as holding 4 acres only, or a total of 11 acres instead of 20. I would propose that A. should pay on 9/11 instead of on 5, B. on 3 7/11 instead of on 2, & C. on 7 3/11 instead of on 4-5 To show the difference between the Survey & Patta areas I beg to forward herewith Plan, Statements showing the Surveyed area of the Coffee Nos. of a small village taken at random, side by side with the areas as entered in the Pattahs. Also the areas of the two European Coffee Estates mentioned therein according to the Survey & according to the Pattahs.

6. Soliciting the favor
[illegible] as if the area assigned
[illegible] this year, it is urged that
[illegible] taken in the [illegible]

Madras

(45)

Salem 11 Oct 1880

Mr R. G Allardice has received a letter from the Municipal Amildar No 807 of the 6th inst. He understands it refers to the Land Tax which he has already paid in full. But his Knowledge of Canarese does not enable him to follow it entirely. If the District Officials desire to communicate any thing to Mr Allardice to which they expect attention, they must do so in English — Though he has on two or three occasions to avoid the appearance of being unpleasant upheld to enquiries made through the Amildar, he will decline in future to take notice of any thing unless sent in the usual form directly to him

Mr Allardice has received the Manager Amildars letter of the 16th inst regarding the Land assessment due by the Baboo & Allahabad Estates. He is informed that the Acreage is made out to be 6½ Acres, but he assumes that it is taken from the Statement which he sent to the Deputy Com.r — As however the Chief Commissioner has rejected that Statement, as he proposes that the Survey measurements of the Waste Land is are not yet available, Mr Allardice does not think it just that the gross acreage shown therein should be taken as the area on which the assessment should be levied and he objects to being so charged. The orders are that the assessment is to be made on the resulted area, this, it is presumed, means that which is stated in the Pottahs, the details of these are given on the other side, and upon the Total Rs. 588 : 10 : 9 Mr Allardice is willing to pay, leaving any difference to be settled hereafter. A Copy of the orders referred to above is sent herewith
